Dear Aoife,

I have just received the student-evaluation data for the 2014 calendar year. I want to congratulate you for being amongst our very best teachers in the faculty last year as measured by student-ratings of your effectiveness as an instructor. Your 2014 student evaluations placed you in the top 10% of instructors within the Faculty of Arts.

As a leading global university, UBC aspires to be great in its three major areas of strength: research, teaching and impact (community engagement, translation and mobilization of research, policy, etc.). Our greatest impact, however, will always be the education of generations of students who will contribute immeasurably to the betterment of the world, and you have shown yourself capable of contributing to student instruction at the highest level.

I want to thank you for your thoughtful and successful contribution to teaching at UBC.

Sincerely,
